

Letter to my patients

Dr. Marilyn Lee
Mount Pleasant Medical Clinic

September 28, 2020

Dear Patients,

I regret to inform you that I will not be returning to the office in October 2020 as planned. Due to Covid-19, ongoing 2018 MVA whiplash neck and hip symptoms, and a non-healing shoulder/arm injury these past five months, I am unable to physically return to continue active practice. However, I will continue with limited phone call consultations to patients who do not require physical contact for 2020 and 2021. Dr. Mah and Dr. Dai have been covering for me during my absence from the office. They will continue to provide coverage for those patients who require urgent care or patient consults in the office. They will continue to provide phone call consults to assist me as well.

I had a female replacement to provide continuity of care, but unfortunately contact from 5 years ago fell through for 2018 and I have not been successful since. An ongoing search for a replacement continues, but has proven challenging at this time. My apologies for the inconveniences that my absence has caused, and I thank you most sincerely for having been part of my family in my practice since 1982 onwards. I shall miss you all and wish you continued happiness and good health.

I hope to be able to contact each of you personally prior to my closure of practice at the end of 2021. Dr. Mah and Dr. Dai will only accommodate a very limited number of my patients into their practice. For those of you transferring out to a new physician, I am providing a list of physicians accepting patients for your convenience. Otherwise, you may research the Primary Care Network, the Alberta Medical Association, and the College of Physicians and Surgeons websites to find a new physician.

This is the list of female (mainly) and male physicians accepting new patients that I have researched/compiled:

1. Infinity Medical Clinic Creekside 10 12432 Symons Valley Road NW. Phone 403-460-4502
